Fundraising Tips for You!

Thank you for raising money for the Sacramento Children's Home Crisis Nursery Program

Fundraising is always easier when you believe in your cause. The same holds true when you are looking to be a donor. We know that you are a "believer" or you wouldn't have signed up to help raise money. Now we need to educate your friends, family, business associates, doctor, dentist, accountant and attorney (essentially anyone that will listen).

Connect your donors to your mission. Let them know why you are supporting this cause and that you need their support.

- **Send email** to friends, family, co-workers, neighbors, fellow church members, old classmates - you never know who has had a personal experience that they may relate to your cause.
- **Set a high but not impossible goal** and share this goal with everyone!
- **Double your fundraising** by applying for a matching gift. Be sure to check with your company to see if matching gifts are available and ask your donors to do the same.
- **Use the power of social media** to reach your contacts and fundraise on Facebook, Instagram, Twitter and LinkedIn. Post frequently.
- **Call those you are comfortable calling and seek support.** Remember the cause you are supporting which makes "the ask" so much easier.
- **Share your involvement in your cause** whenever you are out and about and see where the conversation goes! You will be surprised how many want to help.
- **Form a team** and fundraise even more with a group of like-minded individuals!

These tips are just a few of the things we suggest and we are here to help. Please reach out to us to talk about other ways in which you can fundraise successfully. But most importantly, have fun!

Again, thank you for your support!
